I actually really loved this story. Great characters, fun and entertaining to read through.. In a quick summary. It could have been better. I found it a little bit short for my liking. The characters were interesting, as was the story, but you don't lose anything for not playing it. Could be a 3.5/5. In a quick summary. It could have been better. I found it a little bit short for my liking. The characters were interesting, as was the story, but you don't lose anything for not playing it. Could be a 3.5/5. Well, its no Tin Star, but Showdown was okay. Pros: -Western setting, with funny colloquialisms to describe some of your stats -Decent writing, author made efforts to include each attributing stat a choice in important decisions -very forgiving got shot 3 times and lived happily ever after? Cons: -VERY SHORT, I read fast, but 1 playthrough was just 60 minutes. -very linear story, nothing to really side track you -very little character progression -very forgiving got shot 3 times and lived happily ever after! All in all, I recommend if you want a short story to play with. Showdown looks to have some replayability with the other stats and choices. Maybe get a couple extra hours out of it.. I've played many of the "Choice of Games" and this one is one of my favorites. It's short and sweet and does the western theme well. I felt satisfied with all of my choices and all the characters were quite

entertaining.. Well, its no Tin Star, but Showdown was okay. Pros: -Western setting, with funny colloquialisms to describe some of your stats -Decent writing, author made efforts to include each attributing stat a choice in important decisions -very forgiving got shot 3 times and lived happily ever after?
